North-East EMS is now accepting applications for the following positions:

**Part-time PCP/EMTs
(Potential for full-time hours)
Full-time ACP/Paramedics**

Start Date: Immediately

Applicants must have and submit the following (as applies):

- Saskatchewan College of Paramedics License
- PCP/EMT or EMT-P/ACP certificate
- Post-secondary education transcripts
- Current ITLS certification
- Current ACLS certification
- Current PedALS or PEPP certification
- Valid Saskatchewan Class 4 Driver's License
- Driver's Abstract
- Current CPR C certificate
- Resume
- Three references
- Thorough list of previous and present employers

(If any documents are unavailable please indicate reason and expected date of receipt of document.)

Attached is an employment application to complete and return with the required documents.

The hiring process consists of a written exam, interview, fitness test, reference check and ride-along.

North-East EMS is an active rural Advanced Care Paramedic service with an annual call-volume of approximately 1500. Our population base is over 15000, with 5000 in the town of Nipawin, and our coverage area is geographically the largest in the province. The EMS fleet consists of two Supervisor/First Response 4x4 trucks and six newer Modular units (one new 2010). We currently have a staff of five ACPs, six ICPs and twelve PCPs. Many of our employees have more than a decade of experience; this provides new EMS providers with the opportunity to learn and be mentored by seasoned veterans. Cardiac monitors are LP15s. We run our crews out of two bases; one in Carrot River and one in our base and office complex in Nipawin. The Nipawin base has a roomy five-bay garage, modern staff quarters with shower facilities, training room with computer and wireless internet access, and administration offices. The Carrot River base has a brand new expansion to better facilitate response from that part of our district. Wages closely follow the current HSAS pay schedule.

Nipawin and area offer many recreational opportunities such as hockey, curling, fishing, hunting, boating, camping, hiking, skiing, softball, snowmobiling, and golfing.

Please send your resume, including references, certificates and education transcripts, in confidence to: Mark Ollinger, Operations Manager, by email, or by fax to the above number.
